

Alkindy College of Medicine

MBCHB Program

General module / Year 1

Module Coordinator: A.P.Wafaa Hazim

Co-coordinator A.P.Dr. Nawal FattahNaji

VISION

General Module shall be a fundamental and indispensable preparation for year-I students to applied and clinical relevant basic sciences .The students will adopt new modalities of teaching learning and assessment methodology.

MISSION

Teaching this module in an innovative, multimodal delivery with inclusion of many interactive sessions are considered in achieving proposed outcome.

The above-mentioned mission will be achieved through integrated lectures, practical labs, seminars and tutorials.

In addition students are given the opportunity to expand their scope of knowledge through SDL/CAL
