## **VISION**

Our vision is to prepare the students of medicine to their future clinical life by providing them with the essential basic knowledge from the disciplines included in this module.

## **MISSION**

- a) To provide students of medicine with knowledge about obstetrics.
- b) The above-mentioned mission will be achieved through integrated lectures, practical labs, seminars and tutorials.
- c) Enable the students, through the integrated teaching, to comprehend the relation between structure, function, and abnormal structure in obstetrics.
- d) In addition, at the end of this module, student shall be able to integrate the causes of disease to correlate clinical manifestations of diseases in obstetrics. The student shall understand diseases of national importance in relation to the clinical, therapeutic and medico legal aspects.
